

**EAST STAFFORDSHIRE BOROUGH COUNCIL LOCAL PLAN
EXAMINATION
NOTE BY INSPECTOR ON CONCLUSION OF HEARINGS DAYS 5 TO 10**

Housing Land Supply

Following Hearings Days 5 to 10, ESBC has undertaken to produce a further series of Five Year Housing Land Supply calculations related to the Plan period [613 and 630 dpa with stepped and unstepped trajectory] with ESBC comments on whether a stepped trajectory is appropriate on latest figures [*Documents F.68 to F.73*].

Representors may respond to these together with further comments on latest HLS evidence [*Documents F.66 and F.67*] by way of addenda to their Position Statements by **Friday 5 June**.

ESBC will provide any counter-responses by **Friday 12 June**.

Proposed Main Modifications and Procedure for the rest of the Examination

ESBC will provide a complete schedule of their Proposed Main Modifications by **Monday 15 June**.

I shall review the whole of the evidence, aiming to decide also by mid-June whether to publish further Interim Findings or proceed to completion of my Report.

If no further work is required of ESBC, it is anticipated that ESBC will conduct a public consultation on the Main Modifications ending about the end of July and that my Report, taking into account responses, will be delivered about mid-August, unless substantial new issues arise.
