I can confirm that my client is happy to amend the proposed conditions submitted with the application to reflect yours. Therefore please can you confirm you will not be making a representation?

Subject: Variation at Two Pigs(Barton) Ltd(Formerly Red Lion)

Good Morning Kerry

I have read the application to vary the premise licence at The Two Pigs(formerly Red Lion) in Barton under Needwood. The schedule of steps/conditions you had attached was appreciated however we would like to see the schedules below adopted under the two relevant headings outlined. In some cases it is just wording but for example condition 3 specifically requires the system to record 24 hours every day, I think your schedule specified when the premises are open. In my experience this can cause issues when there are allegations of late trading or other criminality on the licensable footprint after the terminal hour on the operating schedule. Most of the other conditions are slight wording adjustments. For clarity I am proposing that your client agrees the conditions and the wordings below replace what has been proposed under the according licensing objective headings(avoiding any duplication) on your word document. As they don't generally fall under our remit, I see no reason from Staffordshire Police's side to request amendments to the Public Safety or Prevention of Public Nuisance proposals:-

Prevention of Crime and Disorder

1. CCTV must be installed and cover all public areas, including all public entry and exit points and any areas where smokers are allowed to congregate. The CCTV unit must be positioned in a secure part of the licensed premises and not within any private area of the location. Access to the system must be allowed immediately to the Police, Trading Standards or an authorised officer of the Licensing Authority in accordance with the Data Protection Act where it is necessary to do so for the prevention of crime and disorder, prosecution or apprehension of offenders or where disclosure is required by law.
2. All images must be kept for a consecutive 28 day period and to be produced to the Police, Trading Standards or an authorised officer of the Licensing Authority in relation to the investigation of crime and/or disorder issues and suspected licence breaches, upon request or within 24 hours of such request where it is necessary to do so for the prevention of crime and disorder, prosecution or apprehension of offenders or where disclosure is required by law.
3. The CCTV system must be maintained so as to be fully operational and recording continually 24 hours every day.
4. The CCTV system clock must be set correctly and maintained (taking account of GMT and BST).
5. There must be notices displayed throughout the premises stating that CCTV is in operation.
6. There must be a member of staff available at all times who is trained and capable of operating the CCTV system in order that footage required by the Police, Trading Standards or an authorised officer of the Licensing Authority can be viewed pending it being produced as per condition 2.

7. Weekly checks must be made of the operation of the CCTV system to confirm that it is working correctly and such checks must be recorded in a register which is to be signed by the person conducting the check. This record must be kept fully updated at all times and remain on the premises for inspection by the Police, Trading Standards or an authorised officer of the Licensing Authority.

8. An incident book will be kept on the premises and be maintained and kept up to date (no later than 24 hours post any incident). It must record:-

Time and date of all incidents/complaints of crime and disorder incorporating anti-social behaviour

All crimes reported from the venue

Any visits by responsible authorities (Police, Local Authority, Environmental Health etc)

The incident book must be made available to Police, Local Authority or other responsible authority upon request.

Protection of Children from Harm

9. Challenge 25 must be operated at the premises whereby all persons who appear to be under 25 years of age and purchasing or attempting to purchase alcohol must be asked to provide identification to prove they are over 18 years of age.

10. The only acceptable forms of identification allowed are a valid passport, a valid photo ID driving licence or a valid proof of age scheme card with the PASS approved hologram.

11. Challenge 25 signage must be displayed in a clear and prominent public place at every point of sale at the location.

12. All staff must be fully trained in relation to the Challenge 25 scheme before being allowed to sell alcohol and a record must be kept of staff training. Such training must be recorded and be maintained at the premises and made available for inspection upon request by a Responsible Authority. Records for each person must be retained.

13. A refusals register must be held at the point of sale/supply and contain details of the time and date of any sales that are refused in relation to persons that are under age. This register can be written or electronic. This register must be made available for inspection upon request by a Responsible Authority.

Providing agreement can be gained with your client then Staffordshire Police would have no representations in relation to the application to vary the premise licence. Please can you let me know by return email, alternatively feel free to give me a call on either 01785 232844 or 01785 233476.
